BAND BIO

The popularity of Los Angeles' premier R&B, Funk, Soul, and Classic Rock band, AbSOULute, has been rocketing since its inception in early 2017. The band's strengths include its fabulous dance-hit repertoire, soulful vocals, a driving rhythm section and a dynamic horn section. The band's main focus is to perform songs that make audiences young and old of all backgrounds want to dance and groove and sing along.

We are a 10-piece band featuring lead vocals, guitar, bass, drums, percussion, keyboards and a 3-piece horn section. Our fabulous lead singer is the consummate performer whose smooth, soulful vocals and astounding tenor range amazes audiences everywhere.

The concept for the band formed in late 2016 when co-founding members Jeff Jeffries (drummer) and Leon Chalnack (guitarist) decided they were tired of playing the same old classic rock tunes that so many bands are playing. They decided to form a band that would focus on R&B, funk and soul classics instead and would feature a horn section. And in no time they found like-minded, pro-level musicians who were excited to play this music too, and so the rest of the band was formed.

The band's musical goal is to keep the audience dancing, singing along and entertained by delivering a relentless stream of the most popular, highly danceable and well-loved songs from old school funk, soul and R&B artists like Stevie Wonder, Sly and the Family Stone, Chicago, Al Green, Earth Wind & Fire, The Average White Band, Tower of Power, Steely Dan, James Brown, The Isley Brothers and many others.

"We here at Blue Moon had the pleasure of working with Ab-Soul-ute last weekend for the My Pediatrics & Respiratory Care Clinic Wellness Day & Grand Opening. They were great and customized their set to our requests—fitting the vibe of the event perfectly. They were professional and rolled with the punches. Thank you all!" – Melissa Buffaloe, Event Manager for Blue Moon Event Planning LLC (2018)

"Love this band! They've played for a big yacht club summer party several in a row and they were great. They picked up on the vibe of the crowd perfectly and got everyone dancing.
